Awards			NCC	NCC	BST
Warm-up Pool		GPST	GPST	GPST	GPST
Event Number Board		MKS	HHST	HHST	MKS
Timing System		MKS	MKS	MKS	MKS

Runner: Collects timing sheets from lanes and delivers them to computer desk after every 2 events. Checks with officials and delivers DQ slips to referee, and from referee to computer desk. Location: all over deck. Please check in with Referee and omputer room

Lane Checker: makes sure swimmers are lined up in the correct order for each of their assigned lanes. Location: between assigned lanes at the start end of the pool. Pleae check in at the Starter table

Deck control: makes sure traffic flows in 1 direction, and that only athletes and coaches enter the competition area.

Entrance Gate controls the number of athletes entering the competition area by not allowing swimmers from more than 1 event in the start area at a time, and also ensures only authorized personnel are at the turn end of the pool (no specators or athletes). **Bleachers (exit)** ensures only athletes and coaches are in the start area. **Bleachers (shallow end)** ensures only officials and pool staff enter the awards area. Location: at pool exit/spectator entrance and near shallow end. Please check in with computer room.

Results posting: takes the results from the computer desk and posts them on the outside wall of the pool house. Also posts heat sheets for relays. Location: outside computer room. Please check in with computer room

Announcing: makes all announcements to ensure the meet runs smoothly; announces first, second and final calls for each event and other announcements as needed. Location: next to kiddie pool. Please check in with the computer room

Event Number Board: posts the current event number and on-deck event numbers on the changeable event number board. Location: corner of pool between lane 6 and the deep end. Please check in with computer room
